On matters relating to “international peace and security” the United Nations has decisive authority to impose itself on any country or dispute in the world. This power goes far beyond the power ever given to any other international organization and it introduces a radically new kind of legal hierarchy into inter-state relations.

Chapter IV - united-nations.org

Abstract. The international jurisprudence relating to the United Nations Convention on the Law of the Sea (UNCLOS) has largely relied on the interpretative criteria specified in the 1969 Vienna Convention on the Law of Treaties (VCLT), in particular in those set out in Article 31, which establishes the “general rule of interpretation”.
