Coalition Governments in Western Europe

A coalition government is a cabinet of a parliamentary government in which several parties cooperate. The usual reason given for this arrangement is that no party on its own can achieve a majority in the parliament.A coalition government might also be created in a time of national difficulty or crisis, for example during wartime, to give a government the high degree of perceived political ...

List of countries with coalition governments - Wikipedia

What we know about coalition formation in Western Europe The formation of governments has received its fair share of attention in political science research, especially in a West European context. It is, however, a more recent endeavour when it comes to newer democracies in Central and Eastern Europe.

Coalition Governments in Western Europe is the most comprehensive empirical analysis to date of coalition politics. Based on a large cross-national data collection, covering the entire post-war period from 1945 to 1999, it is the first systematic study of institutions of governance and conflict resolution in coalition governments.

Coalition Governments in Western Europe (Comparative ...

Several simple theories of government coalition formation are described and tested. A statistical method is presented for comparing the theories and evaluating each of them relative to a certain null hypothesis. The statistical tests are based upon the formation of 132 government coalitions in twelve countries of Western Europe during 1945-71.
