Founded in 1880 by Mathias Hatz, the company began to build engines in 1904. In 1910, Hatz began to produce hot bulb engines for stationary use. Based on that engine, the first Hatz water-cooled diesel engine, the H-series, was developed (max. power: 6 kW; engine speed: 500 rpm; weight: 430 kg). Three years later, a new plant was built at the present location and Hatz started to export engines ...
