offer completely free ebooks. If you're not sure what this is all about, read our introduction to ebooks first.

Icri Guideline 03732 Concrete Surface

The surface profile is the measure of the average distance from the peaks of the surface to the valleys as seen through a cross sectional view of the surface of the concrete. This dimension is defined pictorially and through physical samples in the ICRI Technical Guideline No 03732, and is expressed as a Concrete Surface Profile number (CSP 1-9).
