This is a supplement or a study tool to be used during the semester of AP Macroeconomics. This is not based on the McConnell, Brue, and Flynn edition. We are unsure of the creator's identity, but we used it and would like to thank the creator for this excellent piece of work.

Notes - All Things AP

Economics is associated with the optimal choices in the conditions of scarcity. This is true when the resources are limited in comparison to their availability. While making choices the concept of opportunity cost is essential, since it helps in deciding the value of the good produced by using the given resources.
