Work health and safety (WHS) – sometimes called occupational health and safety (OH&S) – involves the management of risks to the health and safety of everyone in your workplace. This includes the health and safety of anyone who does work for you as well as your customers, visitors and suppliers. It may initially cost money and time to implement safe practices and install safety equipment but is critical to the success of your business.

This guide provides information for anyone operating a business or undertaking on how the new work health and safety (WHS) laws apply to organisations that engage volunteers, their rights and obligations.

**Volunteer Essential Guide to Work Health and Safety for ...**

This is commonly being referred to as the Positive Due Diligence Obligation for Officers (S.27 in the WHS Act). If top management are to meet this requirement, then health and safety management needs to be done: to a level that would be considered "reasonable" when measured against recognised standards; and; in an "auditable manner".
